## TAMMANY HUNTS COLONIZERS

WITH CABLOADS OF LEGAL PA-PERS-CHARGES BY THE MILE.

All Records Broken by the 505 Primary Contests Begun by Ex-Sheriff Dunn Justice Steckler Tired Signing-And Anti-Dunn Folks Say It's in Vain.

For the first time in its history Tammany Hall has gone wholesale to the courts for the settlement of its fights, and between now and the primaries on Tuesday of next week the Justices wi have their hands full in settling the questions that have been brought up.

John F. Carroll's Law Committee obtained yesterday seventy-five orders to show cause why names should not be removed from the primary rolls of the Twenty- affiliated with the Goulds. There was, will obtain about a hundred more to-day.

Bad Tom Dunn got 505 yesterday, and his opponent, James J. Walsh, will get 300 to-day. All of the orders issued so far are returnable to-morrow morning before returnable to-morrow morning before Justice Steckler, and in every case there must be a separate decision.

Twenty-ninth Assembly district obtained two warrants vesterday for the arrest of men who are accused of having used their official positions wrongfully in the work of transferring men into the district for primary purposes. Last evening detectives were searching for the men named in the warrants, but at midnight they had not been caught.

Mr. Dunn had twenty-five process servers hard at work all day vesterday serving notices on the 505 men who he alleges have been transferred into the Twentysixth Assembly district solely for the purpose of voting against him at the primaries

Mr. Dunn is the Tammany leader of the district, but his continued leadership is threatened by Mr. Walsh, "the Terrible Blacksmith," and Victor Woytisek, the leader of the Greater New York Democracy in the district. Mr. Dunn maintains that most of the transfers to which he objects are illegal and fraudulent and that no one should be allowed to vote on the names that have been used.

In addition to sending mail notices of the applications for the writs the process servers went to their alleged homes as given in the transfer blanks, and served papers there. Besides this, notices were served on the Board of Election Commissioners directing the board to appear in court with the voters and show cause why it shall not be directed to strike the names from the primary rolls.

In making service on President Voorhis of the Election Board Mr. Dunn's lawyer, Jacob Marks, hired two carriages and filled them up with the orders, of which there were 200 pounds. Marks drove in one of the carriages, and one of his clerks drove in the other to the board's office. President Voorhis acknowledged service and then sent all the papers down to the office of the Corporation Counsel, for Mr. Rives and his staff to arrange the legal

The orders directing the alleged illegally transferred men to appear before the court were made by Justice Steckler on affidavits of Mr. Dunn and David N. Carvalho, the handwriting expert. Justice Steckler had nandwriting expert. Justice steekier had to sign his name about 2,000 times, and before the proceedings are over he will have the same task several times. Each set of papers consists of forty-two pages, and each page is fourteen inches long. The printed matter, laid end to end, the long way of the pages, would be about long way of the pages, would be about eighteen miles long. There are 92,000 pages and the paper weighs more than 2,000

pounds.

According to Marks, the process servers found that eight of the men who were alleged to have been transferred at their own request died before the date of their alleged transfer. Several other very queer things about the transfers were discovered by the process servers and will be brought out at the hearing of the applications.

Mr. Dunn and Mr. Marks think that the result of the applications for writs of mandamus will be to keep the alleged colonists away from the polls on primary day. If

damus will be to keep the damus will be to away from the polls on primary day. If this is the result, they will have done what they seek to accomplish. The cases hinge they seek to accomplish. The cases hinge on an affidavit of Mr. Carvalho that, in his opinion, James L. Sheeran, Thomas Scanlan and Frank Donda, who took many of the catements as Commissioners of Deeds, wrote the whole transfer, in many cases including the signatures of the men Dunn swears that unless the men alleged to have been transferred are prevented

from voting on primary day, irreparable injury will be done to him.

When the process servers invaded the district they found that most of the men whom they were to serve were working-men, who did not understand what it all meant. Many were much alarmed by the legal papers. Most of them were sum-moned some time ago to the office of Supt. moned some time ago to the office of Supt.

McCullagh and lost a day's pay in obeying
the summons. None of them liked the
prospect of losing another day. Many
went to Mr. Walsh's Campaign Committee
and asked what it all meant. Mr. Walsh
was there and told them not to worry.

"This is simply an effort to intimidate
the many who have availed in the same and the same are same as the same

the men who have enrolled in the cam-paign against Dunn," said Mr. Walsh. "It makes no difference, but Dunn thinks he can intimidate the voters and keep them from the polls. He will be disap-pointed. No matter whether these names stay on the list or not, we have him de feated."

feated."

Lawyers will be present in the Supreme Court to take care of the interests of the men who have been summoned. The Corporation Counsel will represent the blocking Companies.

lection Commissioners.

Assistant District Attorneys Schurman Assistant District Attorneys Schurman and Sandford began an investigation of registration frauds in the First and the Twenty-ninth Assembly districts, and then they went before Justice Wyatt of Special Sessions, accompanied by County Detectives Maher and Silverman and Policeman Walsh of the District Attorney's office. It Welsh of the District Atterney's office.

Welsh of the District Atterney's office. It was presumed that warrants were obtained. Fifty alleged floaters were at the District Attorney's office under subpoena. They said that they had not moved out of their districts and that their names had been forged to transfers to other districts sworn to before notaries public.

## Petitions in Bankruptey.

petition in involuntary bankruptcy was filed here yesterday against Maurice B. Quincy, the stock broker of Kingston, N. Y., whose disappearance was reported on Saturday. The creditors who subscribe to it are Abram Hasbrouck for \$200, Guilford Hasbrouck for \$4,145 and Conrad E. Hasbrouck for \$9,255. All this is for money collected and received from them and others on their and received from them and others on their account. They allege that Quincy concealed and removed a large sum of money and a large part of his personal property from his office on Thursday and absconded.

A petition in involuntary bankruptcy has been filed against the American Bread Company of 618 Sixth avenue, and Judge Adams of the United States District Court has appointed Robert C. Morris temporary receiver of the assets.

pointed Robert C. Morris temporary receiver of the assets.

Rosa Wiederman, a retired builder of 56 East 118th street, has filed a petition in bankruptcy with liabilities 368,484 and no assets. Of the liabilities 387,100 were secured by mortgages on property in 104th street between Manhattan and Columbus avenues, and at Seventh avenue and 147th street. The unsecured liabilities were contracted from 1866 to 1898, chiefly for materials, work and loans.

MO. PACIFIC AND ST. PAUL. Wall Street Surmises That There Is Some-

thing Doing Between the Two Roads. Rumors that the dominant interests in Missouri Pacific and Chicago, Milwaukee and St. Paul are arranging a traffic deal designed to be of mutual advantage were discussed with much interest and more or

The shares of the two properties were conspicuous leaders in the speculative market, and their quotations rose steadily on heavy trading. On total sales of 152,500 shares Missouri Pacific advanced from 1191/2 to 1221/4 and closed at 122%, a net gain for the day of 2%. St. Paul advanced on sales of 21,500

ess credence in Wall Street yesterday.

a net gain of 114. The large dealings in Missouri Pacific were attributed to pool buying by interests ninth Assembly district, and the committee however, a large amount of independent

Paul directors are to vote on dividend matters next Thursday.
One reason for Wall Street's belief that In addition to show cause why names should not be removed from the lists, the regular Democratic Law Committee of the management is not satisfied with the man-ner in which the Union Pacific has treated that road. The St. Paul people have been trying for several years to get as liberal treatment from the Union Pacific as that road gives to the Chicago and Northwest-ern. A combination between the Missouri Pacific and the St. Paul, it is said, would strengthen the traffic status of the two roads, inasmuch as such a combination would give the Missouri Pacific direct entrance into Chicago, and would give the Chicago, Milwaukee and St. Paul an

advantageous outlet.

Executive officers of the two roads said vesterday that they knew nothing of any negotiations for a traffic alliance.

#### MORE JERSEY CORPORATIONS. A Candy Company Reported to Contem-

plate Raising Its Capital to \$30,000,000. TRENTON, Sept. 8.—The Tampa Bay Hotel and Realty Company was incorporated to-day, with a capital stock of \$1,000,000, to operate the large Plant hotel at Tampa and to purchase and develop lands in that

section of Florida. The International Fisheries, Fertilizer and Packing Company was incorporated with a capital stock of \$200,000 to operate fisheries off the coasts of New Jersey, Maine and Newfoundland. The corporators are Rob-ert G. Roach, Edward Kales, John Dan-ners, Joseph Danners and George Whitfield

Setts, Jr.
The National Candy Company was incorporated to-day with an authorized capital stock of \$9,000,000, which amount, it was rumored in the Secretary of State's office, soon to be increased to between \$25,000,000 and \$30,000,000.

The present authorized issue is divided

into \$1,000,000 of first preferred stock, \$2,000,000 of second preferred stock and \$6,000,000 of common stock. Both classes of preferred stock will bear 7 per cent. ulative dividends.

cumulative dividends.

The corporators are Henry Semple Ames
of St. Louis, Frank F. Reed, George B.
Goodwin, Edward S. Rogers and Samuel
E. Hall of Chicago, and Frank P. McDermott of Jersey City. The Cato Glen Coal Company was corporated with a capital stock of \$1,000,000 to mine and prepare for market coal, iron ore, steel and all mineral substances. incorporators are Samuel Taylor, L Bowles, George T. Walker, William A

### FINANCIAL AND COMMERCIAL.

MONDAY, Sept. 8. Notwithstanding Saturday's unfavorable bank statement and further large losses sustained by the banks to the Sub-Treasury, which were reflected in an extreme high rate of 10 and an average figure of 7 per cent. for call money, the securities markets made further decided progress upward to-day on a large volume of dealings. The high rates for money were to an extent counterbalanced by a sharp decline in foreign exchange, due to a large accumulation of wheat and cotton bills over Sunday, sterling touching 4.86.20. The favorable weather reports caused a further reactionary tendency in the grain shares from 189% to 1911, closing at 1911. markets, of which advantage was taken by exporters of wheat to engage a large line-sixty-seven loads-for shipment. The general impression in financial circles seems to be that imports of gold to this country from Europe in the near future are assured, owing to our high credit, the phenomenal crop prospects in this country and Europe's need of our cereals.

The strength of the stock market to-day was partly attributable to further aggressive operations on the long side, particularly some of the principal so-called Gould-Rockefeller properties, notably Missouri Pacific and St. Paul, and persistent reports of ar impending "settlement" of the anthracite coal strike. These rumors were accompanied by pronounced strength in Reading common and to a lesser extent in Erie issues, Reading preference issues, Pennsylvania and Ontario and Western It is true that the prospects are bright for a resumption of activity in the anthracite coal regions in the near future, but it car be reaffirmed with the utmost positiveness that the anthracite strike will not be ended on the basis of concessions of any kind by the operators. In anthracite trade circles the understanding prevails that the producing and carrying companies will start up a number of additional mines this week. Meanwhile the production is being steadily

increased. Missouri Pacific accounted for one-sixth of the total transactions, amounting to about 900,000 shares, and retained about all of an extreme advance of 3 per cent. St Paul was considerably less active, and, at a reaction of nearly a point from the highest price, finished 114 per cent, above Saturday's final figure. The advances in these shares were unattended other than by reports that have been familiar for some time. The other strong features in the usually active railway list included Wabash preferred, Union Pacific, Texas and Pacific, Southern Pacific and Atchison common, at net improvements ranging from substantial fractions to 2 per cent, or thereabouts. Brooklyn Rapid Transit and Baltimore and Ohio were fairly active, but left off practically unchanged. Detroit Southern issues were favorably influenced by reports of the probable acquisition of the property by the

Pennsylvania Railroad. A feature of the market was the number of material improvements that occurred in many railway issues upon limited trading These included Rock Island and Chicago and Eastern Illinois, which gained 415 per cent each: Evansville and Terre Haute, Kansas City Southern preferred, St. Louis and Sar Francisco common, Minneapolis and St. Louis common, Soo comra n. St. Louis and San Francisco common and Chesapeake and Ohio. The last mentioned was fave ably influenced by the reported collapse of the soft coal strike in the Kanawha and New River districts. In the miscellaneous stocks Western Union rose nearly a point closing at the highest price, and Pacific Coast issues scored net gains of 2% and 2 per cent., respectively for the common and preferred.

In the industrial list a number of issues were conspicuously strong. Amalgamated Copper, on dealings in excess of 41,000 shares, scored a net improvement of 2 per cent. and final gains of 1 to 2 and over were established in Sugar Refining, American Smelting common, General Electric, Pressed Steel Car issues Railway Steel Spring issues, Republic Iron and Steel common, Rubber Goods issues, United States Rubber preferred and United States Reduction and Refining

The Curb market developed considerable strength in the usually more active issues near the close. Rock Island new issues advanced in sympathy with the rise in Rock Island on the Stock Exchange. The common gained 4, the preferred 2 per cent. and the bonds a fraction. Northern Securities led in activity, and after considerable irregularity closed at a net gain of 11/2 per cent. The copper shares were in fair demand. The stock market closed strong and active at not far from the best prices.

The railway bond market was well up to the recent average of activity and displayed almost general strength. The features were Wabash B debentures, which made a new high record and enjoyed a ne gain of nearly 21/2 per cent., Union Pacific convertible 4s, Colorado Midland 4s, Penn sylvania 3½ per cent. convertibles and Consolidated Tobacco 4s. Detroit, Marquette and Mackinac land grants rose an extreme 4 points. Late news developments included reports of an increasing movement of cotton and a declining tendency in the market for the staple, a slight recovery in sterling exchange due to the covering of short contracts, remitters hav ing been deterred early by the high money rates, and a resumption of transfers of money through the Sub-Treasury. There

was forwarded \$350,000, to New Orleans.

Prices of cotton declined owing to heavy selling by exporters, against spot purchases at the South, large receipts, declining spot markets, Texas rains, more favorable crop reports from some sections and general liquidation, parity on stop orders. Liverpool and the South sold freely; and Greek and other important spot interests also sold heavily, and rumors were not wanting that certain Wall Street interests, or at any rate some of their following, were likewise selling. Some doubt this however. Wall Street was supposed to have given support to both New York and Liverpool early in the day.

\*\*Coffee.\*\*—Rio on the spot was firm at 55c. for No. 7. Sales, 5.000 bags Rio No. 7 at 55c. 1,500 Maracable, 500 Mexican. Futures closed 5 to 10 points higher, with sales of 14,500 bags. American warehouse deliveries last week, 66,603 bags, against 93,135 in the previous week and 112,708 last year. Hawre was 14,1 higher. Hamburg advanced 15 to 34 pfg. Rio was 75 reis higher; exchange rate advanced 146t. to 1131-234. Santos 100 reis higher. Receipts at Rio for the week were 8 25 8.00

123,000 bags, against 118,000 last week and 110 re-last year. Receipts at Santos for week were 213 last year Receipts at Santos for week were 773, 000 bags orainst 290,000 last year and 327,000 a year ago. Prices here as follows:

January. 5 80 5 80 5.95 5.90 The rise in coffee was due to higher cables that the crop was looking worse, repor-that Santos receipts would soon decreas

weak start was because receipts of hogs were 7000 more than expected and prices were 5 to 10 lower. The week's exports were also less than a year aco."

year ago."
SUGAR.—Raw was firm at 3.7.16@31/2c. for test and 215-16@30. for \$9 test. Refined was actifirm; granulated, 4.65c.

THE LONDON MARKET.

Railroad Securities Dull at Opening and Irregular at Close. Special Cable Despatch to THE SUN

London, Sept. 8.—On the Stock Exchange to-day railroad securities opened dull, especially Chicago, Milwaukee and St. Paul, the untoward influence being the unfavorable bank statement of Saturday. They subsequently hardened and closed irregular. Wabash hardened and closed irregular. Wabash debentures were up 2. Ontario and Wasterns 13, Norfolk preferred 1. Ches apeake and Ohio 3, but Illinois Central, the Steel stocks, Union Pacifies and some others dropped fractionally. Railways showed a sagging tendency. Foreigners were generally firm on Paris buying. Money 23/3424. Discount the best.

Notes From Wail Street.

In the Broad street curb market vesterday Northern Securities stock touched 118%, a new high record price. The closing was at Northern Securities stock tolered 18.3, a new high record price. The closing was a 11.74.

The stockholders of the Otis Elevator Company, meeting at East Orange, N. J., yesterday, approved an increase of \$2,6-6,600 in the preferred stock.

The Executive Committee of the Sloss-Sheffleld Steel and Iron Company met yesterday and recommended the declaration of the regular quarterly dividend of 13, percent on the preferred stock. The directors will act to-day on this recommendation. It was announced semi-offleially that Charles S. Thorne of Philadelphia is to succeed W. B. Campbell as president of the Pocahontus Collieries Company.

President Norton, of the Toledo, St. Louis and Western Railway (Clover Leaf), says that no deal with the Grand Trunk has been broached, nor has the Grand Trunk made a proposition to buy the Clover Leaf.
